Re: Sponsorship Opportunity

Dear Donation Coordinator,

Top Notch Taekwondo school is proud to announce that nine of our students have qualified to compete at the 2012 Taekwondo National Junior Olympics in Dallas, Texas!! These exemplary students have made a serious commitment to sport taekwondo, and as their instructor it gives me great pride to witness their success.

This national competition in June is fast approaching, and as you can imagine expenses associated with competing at this level can be a challenge for many families, so we are actively fundraising to help defray costs for these students and their chaperones, and we are also seeking corporate sponsorship from local companies interested in supporting local athletes.

Every dollar of fundraising and sponsorship funds collected will directly benefit these deserving and dedicated kids by contributing to registration fees, airfare, accommodations and meals, and no amount is too small or taken for granted.

Should you choose to participate as a sponsor I would be honored to advertise your business in my brochure, on my website, and put signage up at my school, etc., to show our deep appreciation for your generosity.

This is a great opportunity to give these students the ability to fulfill their dreams of representing Oregon, so please check out [www.usa-taekwondo.us](http://www.usa-taekwondo.us) for more information about the 2012 Taekwondo National Junior Olympics, and also check out my website, [www.topnotchtkd.com](http://www.topnotchtkd.com), to learn about my school and my students that will be competing.

Thank you for your consideration and support of Top Notch Taekwondo, and please feel free to call or email me if further information is needed.
